

## The Business Club

The Club brings together companies that are committed to implementing concrete solutions to prevent plastic pollution in the Mediterranean.

### Our value proposition

#### Pilot projects

Our Club coordinates member companies who collaborate and implement field actions validated by our scientific committee together.

#### Scientific dialogue

Our Club facilitates dialogue between science and industry to progress towards more relevant and more effective solutions.

### Our specificities

#### Our Mediterranean DNA

Through its network, the Club has an impact and influence on the entire basin.

#### Our desire for concrete impact

Beyond the search of solutions, the purpose of the Club is to deploy them on the field.

### To join us

#### A simple approach

Contact us by email at [contact@beyondplasticmed.org](mailto:contact@beyondplasticmed.org) and join quickly.

#### A reasonable investment

A 2 to 10K€ contribution depending on the size of the company and a workload of 3 to 6 man-days per year.

## They are already part of the Club
